

SecureIT invites to

”Security on mobile devices”

Tuesday the 21. September 2010
10:00 am to 15:00 am at the Adventure Castle in Tivoli

Today there are technologies whereby you can get the same level of protection at mobile devices, which exists for laptops and stationary computers

*Symbian, Android, iPhone, Blackberry,
Microsoft, SSD, USB, CD, DVD*

SecureIT can for the first time present these technologies in Denmark

Pice: DDK. 450 incl. VAT and lunch
Sign up: seminar@secureit.dk
Phone.: 70 22 90 95

Rosenvængets Allé 5
2100 København Ø

Tuesday the 21. September 2010 at the Adventure Castle in Tivoli

Agenda

9:30	Registration Coffee, tea
10:00 - 10.10	Welcome <i>SecureIT</i>
10:10 - 10:40	USB-media - one of the largest security problems? USB-media has developed into one of the most serious reasons behind attacks from virus, trojans, malware, hacking plus other kinds of losing data. What can be done about this? Go into panic and prohibit the use of all USB-media? Or block physically the use of USB-ports? Are there other not-complicated ways to control this area? Cryptzone  = the lecture will be in English
10:40 - 10:55	Break
10:55 - 11:25	Is the mobile phone the most secure tool for 2-factor authentication? Nicolai Holm Vang, SMS PassCode
11:25 - 11:40	Break
11:40 - 12:20	Disposal of mobile devices Smartphones and other mobile devices (including laptops and USB) contains a world of data which should not fall into the hands of the wrong persons. Normal erasure procedures removes nothing, so what should one do when disposing of equipment or when it is being reused. How do you secure the content of lost equipment? And why is the "hammer-method" not the right way? Blanco
12:20 - 13:20	LUNCH BUFFET Restaurant NIMB presents their famous buffet!
13:20 - 13:50	Mobil security and management solution—NEW! Now it is possible to centrally manage smarthpones and other mobile devices with the brand new McAfee Enterprise Mobility Management (EMM®). iPhone, iPad, Android and Windows Mobile – central administration and security and easy access to the applications in the company. Peter Helms, Senior Security Engineer, CISA, CISSP
13:50	Behind Tivoli <i>An executive from Tivoli ends the day stories about Tivoli you probably do not know spized up with anecdotes</i> <i>5 matches in Tivoli</i> <i>Tivoli on your own</i>

Tuesday the 21. September 2010 at the Adventure Castle in Tivoli
